

The powerful motorised sprayers

M 225-20

Filling volume: 20 ltr. Pressure: 11 bar Max. output: 9,2 l/min

M 225-20
11445405

Powerful motorised knapsack sprayer with air-cooled 2-stroke engine, closed membrane carburettor and electronic ignition. The centrifugal pump with flow rate of 9.2 l/min gives this unit a high output performance. Ideal for professional use.

- transparent 20 ltr. plastic tank
- engine (0,7 kW/0,9 hp/7000 rpm) with three point low vibration mounting
- net weight 7,1 kg
- large filling opening with filter and dosage indicator
- residual spray drainage for easy tank cleaning
- comfortable carrying strap with back cushion
- screw system for Profi-set and accessories

M 255-25

Filling volume: 25 ltr. Pressure: 5/18/25 bar Max. output: 9,6 l/min

M 255-25
11445407

Push, don't carry! The strong, mobile, two-wheel sprayer with air-cooled 2-stroke engine (0,7 kW/0,9 hp/7000 rpm), closed membrane carburettor, electronic ignition and twin diaphragm pump. As a result of the high flow rate and pressure output ideal for the use with spray guns like Gun Media for trees or hedges.

- transparent 25 ltr. plastic tank
- operating pressure selectable between 5/18/25 bar
- large filling opening with filter and dosage indicator
- residual spray drainage for easy tank cleaning
- incl. 20 m high pressure hose for a high mobility
- vertical distances up to 8 m possible with Gun Media
